

Final Digital Portfolio • Spring 2016 • Cutler-Lake

We're almost done!

1. YOUR FINAL PROJECTS are due as stated on the online schedules. These are the last times we will meet as a group this semester. Do not forget process books.

*Studio Problems in Typography: We'll meet in the S215 classroom at 9:00 a.m. on Monday, May 9th.**

*Design II: We'll meet in the S215 classroom at 10:20 a.m. on Tuesday, May 10th.**

**Type students: note the later time—use this to sleep in or make yourself a really great breakfast—not to print & assemble/mount your work at the very last minute, ok?*

Projects will be graded and available for pickup at your convenience in the S215 classroom by 4 pm on Thursday, May 12th. Please pick up all work by the end of Spring Interim, or it might be tossed.

2. DIGITAL PORTFOLIOS COVERING THE ENTIRE SEMESTER OF PROJECTS are due in the digital drop box by 5:00 p.m. on Tuesday, May 10th.

Directions: Submit digital portfolio to drop box only. *All files (except jpegs of finished packaging) must be high-quality PDFs.* Final versions only: do not resubmit process materials. Place your files in a clearly marked file folder named something like *Lastname Design 2*. Label each individual file with your last name and the name of the project (example: lastname_musicposter.pdf).
